

**You All Grow Up and Leave Me: A Memoir of Teenage Obsession** A highly unsettling blend of true crime and coming-of-age memoirâ€” The Stranger Beside Me meets Prepâ€”that presents an intimate and thought-provoking portrait of girlhood within Manhattanâ€™s exclusive prep-school scene in the early 1990s, and a thoughtful meditation on adolescent obsession and the vulnerability of youth. Piper Weiss was fourteen years old when her middle-aged tennis coach, Gary Wilensky, one of New York Cityâ€™s most prestigious private instructors, killed himself after a failed attempt to kidnap one of his teenage students. In the aftermath, authorities discovered that this well-known figure among the Upper East Side tennis crowd was actually a frightening child predator who had built a secret torture chamberâ€”a "Cabin of Horrors"â€”in his secluded rental in the Adirondacks. Before the shocking scandal broke, Piper had been thrilled to be one of "Garyâ€™s Girls." "Grandpa Gary," as he was known among his students, was different from other adultsâ€”he treated Piper like a grown-up, taking her to dinners, engaging in long intimate conversations with her, and sending her special valentines. As reporters swarmed her private community in the wake of Wilenskyâ€™s death, Piper learned that her mentor was a predator with a sordid history of child stalking and sexual fetish. But why did she still feel protective of Gary, and why was she disappointed that he hadnâ€™t chosen her? Now, twenty years later, Piper examines the event as both a teenage eyewitness and a dispassionate investigative reporter, hoping to understand and exorcise the childhood memories that haunt her to this day. Combining research, interviews, and personal records, You All Grow Up and Leave Me explores the psychological manipulation by child predatorsâ€”their ability to charm their way into seemingly protected worldsâ€”and the far-reaching effects their actions have on those who trust them most. ...more You All Grow Up and Leave Me: A Memoir of Teenage Obsession PDF ebook
